STRATA

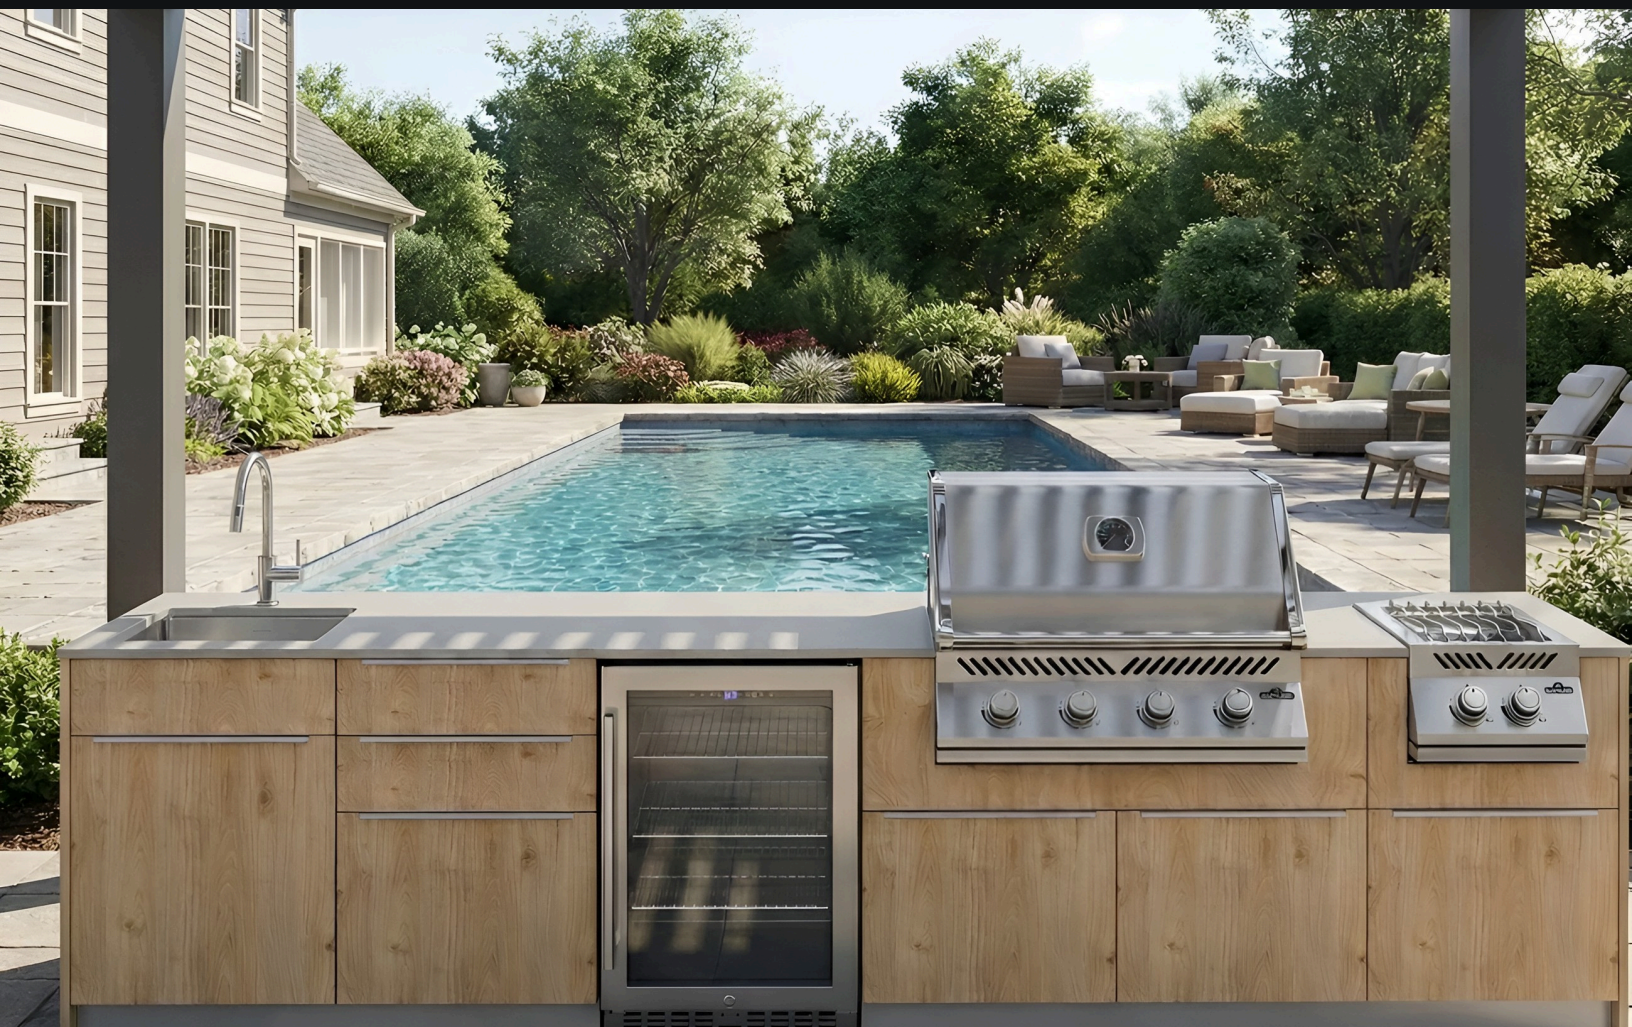

GENERAL CATALOG

MODULAR OUTDOOR KITCHENS

BUILT TO LIVE OUTDOORS.

Modular cabinets in 16 mm phenolic HPL: they arrive ready, install in hours and need no construction work.

2026

01 · STRATA OUTDOOR

OUTDOOR KITCHENS THAT DON'T BREAK DOWN.

An outdoor kitchen looks great for a while. Then the sun, rain, humidity and salt take over. Strata was built to resist them: high-pressure phenolic HPL cabinets and 304 stainless steel hardware, designed and made in our own plant.

MODULAR DESIGN

90 modules in 24 families that combine to fit any space.

OUTDOOR MATERIAL

16 mm phenolic HPL: it does not absorb water or swell.

OWN FACTORY

CNC cutting and assembly in our own plant, shipping to the USA.

02 · BENEFITS

DESIGNED FOR THE ELEMENTS.

Every material choice is made so the kitchen lasts for years outdoors without losing its shape or color.

01

WATER RESISTANT

Does not absorb water or swell, even in direct rain.

02

SUN RESISTANT

Exterior-grade HPL keeps its color under UV radiation.

03

RUST-FREE

Hinges and slides in 304 stainless steel.

04

NO SEALING

No lacquers, sealers or periodic maintenance needed.

05

EASY TO CLEAN

Non-porous surface: water and mild soap are all it takes.

06

LEVELING LEGS

120 mm high for uneven floors and drainage.

07

MODULAR SYSTEM

Swap, move or add modules whenever you want.

08

QUALITY HARDWARE

110° hinges and 500 mm full-extension slides.

INSTALLS IN HOURS, NO CONSTRUCTION.

Modules arrive factory-assembled: set them in place, level them and join them together. No demolition, no masonry and no construction work.

01

ARRIVES AND SETS IN PLACE

Factory-assembled modules that install in hours, with no construction work.

INSTALLS IN HOURS

02

CHANGE IT

Replace or move a module when your appliances or your space change.

SWAP ANYTIME

03

GROW IT

Add modules later and expand the kitchen without redoing what you have.

EXPAND LATER

A CARCASS THAT WON'T SWELL.

The whole structure is cut from 16 mm phenolic HPL panel and assembled with confirmat screws. It does not absorb water and needs no sealing.

CARCASS
16 mm phenolic HPL, Storm color

FRONTS
16 mm HPL in 4 finishes

HINGES
110° straight, 304 stainless steel

SLIDES
500 mm full extension, 304 stainless

PULLS
Flat aluminum, silver finish

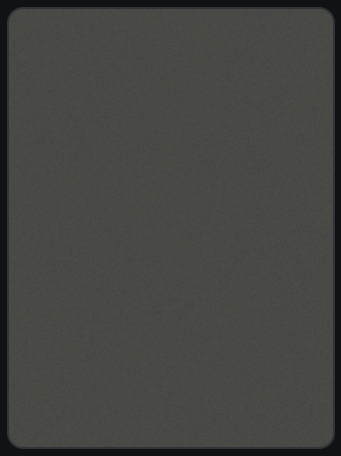

LEGS
120 mm leveling

Standard depth 26" (660 mm) · Height 31" (787 mm) without countertop.

16 MM	304	24	90
PHENOLIC HPL	STAINLESS HARDWARE	FAMILIES	MODULES

FOUR FINISHES, ONE SYSTEM.

Doors, drawers and side panels in 16 mm HPL. The carcass is always Storm.

STORM
ANTHRACITE GREY

OAK
NATURAL OAK

NOCE
WARM WALNUT

WALNUT
DARK WALNUT

COMPACT STONE, THE TOP THAT TAKES IT ALL.

Your Strata countertop is a single piece of 12 mm Compact Stone: high-pressure compacted, non-porous stone made to live outdoors.

CALACATTA CS
WHITE WITH GREY VEINS

IRONY
DARK OXIDIZED GREY

01 DIRECT SUN
UV rays won't fade or yellow it.

02 HEAT
Set a hot pot down straight off the grill.

03 NO STAINS
Non-porous: wine, oil and lemon wipe off with a cloth.

04 SCRATCHES
Stands up to knives, utensils and daily use.

05 RAIN AND SALT AIR
Does not absorb water: won't swell or crack.

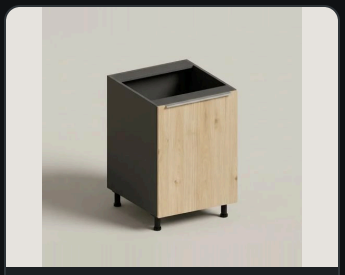

WATERFALLS

The stone runs from the top down to the floor on the sides of the kitchen or island, with a continuous vein. It is the detail that turns the kitchen into a piece of design furniture.

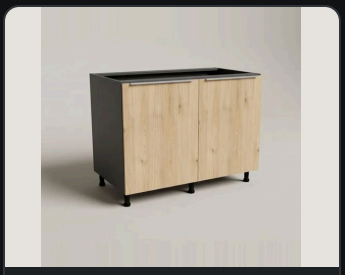

12 MM · TWO-SIDED COLOR · CONTINUOUS VEIN · GRILL CUT-OUT · BAR ISLAND

DESIGN YOUR KITCHEN, NO ARCHITECT NEEDED.

With the Strata 3D configurator you design your kitchen yourself, in minutes and from your phone: choose the shape, enter your measurements and appliances, and the system fills the space with the right modules and gives you the price instantly.

01
CHOOSE THE SHAPE
Against a wall, L-shaped, U-shaped, with an island or freestanding island.

02
ENTER YOUR MEASUREMENTS
Just the walls, in feet or meters.

03
PICK YOUR APPLIANCES
Grill, burner, sink, fridge, kamado, trash bin.

04
SEE IT IN 3D
Change finishes, move modules and see the price instantly.

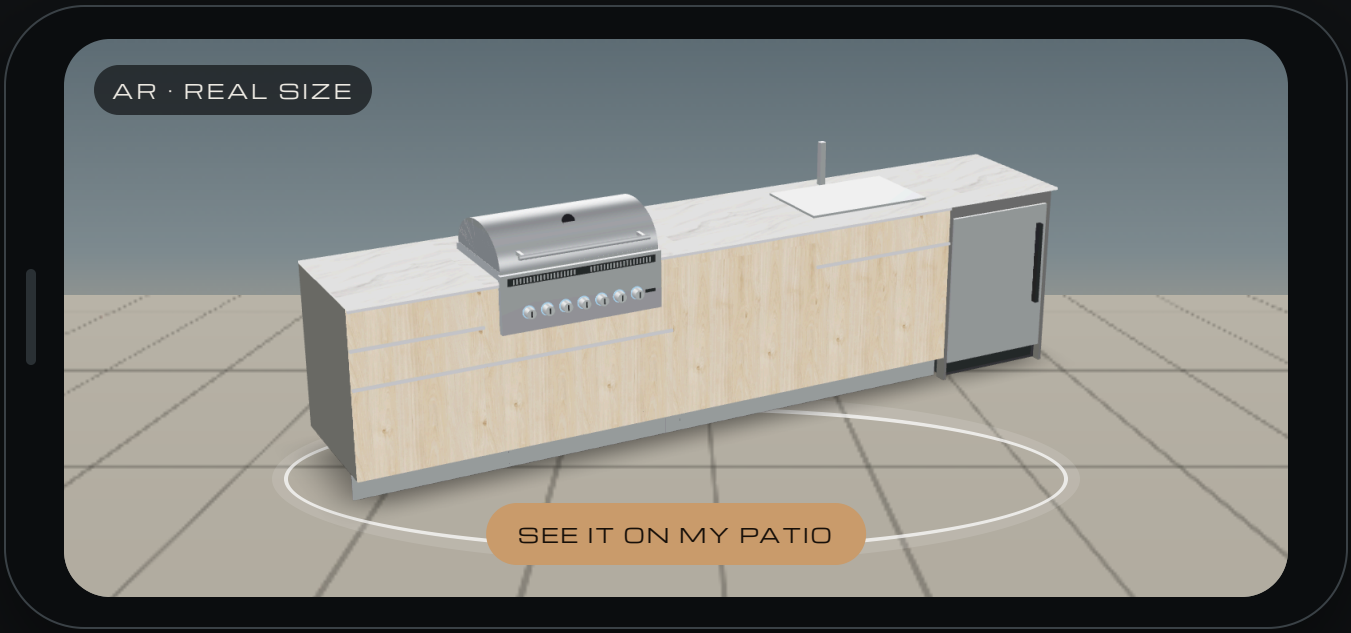

TRY IT NOW

CONFIGURADOR.STRATAMODULAR.COM

Rather have us do it? Our team will design your kitchen at no cost.

SEE IT ON YOUR PATIO.

Before you decide, place a life-size Strata kitchen on your terrace, in your garden or by the pool with your phone's camera. Walk around it and check how it fits your space.

01

TAP "SEE IT ON MY PATIO"

On iPhone with Safari; on Android with Chrome.

02

POINT AT THE FLOOR

Move your phone slowly until the kitchen appears.

03

WALK AROUND IT

It shows at real size; rotate or move it with two fingers.

SCAN WITH YOUR PHONE

STRATAMODULAR.COM/#PATIO

You can also see your own design on your patio from the configurator, with the “See it on my patio” button.
